The Constitution of the CRCE requires that its Trustees and Advisers dissociate themselves from the analysis contained in its publications but it is hoped that readers will find this study of value and interest.

The Editor wishes to thank those who contributed to this volume and apologises for any errors that may have occurred.
Thanks also to Stan Mickiewicz, Anna Parfjonova and Justina Seikyte for their valiant work in transcribing the discussion.

This is CRCE's first complete book on the website. We hope that its availability will prove popular. Printed copies are available on request.
